

CASE FOR SUPPORT OF THE EFFORTS OF PROJECT EDUCATION

Partnerships with individuals and foundations are integral to the sustainability of the Sponsor A Child clothing programme of the Imibala Trust.

The latest statistics from the South African Statistical Services states that 21.8% of school children, in South Africa, do not attend school due to poverty. Partnerships as mentioned above therefore assist to alleviate the financial burden for the families by providing a school uniform and together we provide a solution to reduce the problem in our society.

It is for this reason that The Imibala Trust is so grateful for the assistance provided in 2018 by Project Education. A total number of 65 children have received a school uniform : 65 families have some financial relief.

The children are all from Christmas Tinto Primary School, which has a total enrolment of 1 458 children. With more support the Trustees of Project Education would continue to be able to sponsor not only the current cohort of children, but also be able to increase the number of children in this school which they have “adopted”
